DAY 3: Exploring Spitsbergen - Days 3 to 6

You'll sail around the shores of this magical island, constantly searching for polar bears and other natural wonders. Covering western Spitsbergen, your expedition will afford ample opportunities to view immense glaciers, deep fjords, soaring mountains and unique flora and fauna. Sailing north into Krossfjorden, have your camera handy, ready to capture some of the best glacier calving in Spitsbergen. Deep in the fjord, the highly active Lilliehöök Glacier awaits. Listen in awe to the growling as big chunks break off into the icy waters below. A Zodiac excursion to nearby Ny-London, an abandoned mining settlement, provides an ideal place for a guided walk. Encounters with wildlife, such as the endemic Svalbard reindeer, might be possible here. After cruising overnight, wake up to the stunning sight of the magnificent Monaco Glacier, another prolific iceberg producing glacier. To make this even more thrilling, help your Expedition Team to scan the shorelines and ice edge for marine mammals. Possible landing sites include Texas Bar, Worsleyneset and Alicehamna. At Smeerenburg you can see the remains of an abandoned settlement that was established by Dutch whalers nearly 400 years ago. Here, at what was once one of Europe's most northerly outposts, you'll have time to explore ashore and learn about Spitsbergen's whaling history. Afterwards, cruising to Magdalenefjorden rewards you with panoramic vistas of snow-capped mountains and massive glaciers reflected in the crystal-clear waters. We hope to round out the day in Alkhorneret, taking in the towering cliffs teeming with nesting seabirds, such as fulmars and Brünnich's guillemots (thick-billed murre). Encounters with reindeer are possible here too. Later, in the evening, swap stories with your shipmates and crew one last time, at the captain's farewell dinner.
