## ITINERARY

**ALL INCLUSIVE FLY/CRUISE PACKAGE | SHACKLETON'S FALKLANDS, SOUTH GEORGIA & ANTARCTICA EXPEDITION | OCEAN ENDEAVOUR**

**DAY 1: Arrival in Montevideo**

Today you will arrive to Montevideo, the capital of the small country of Uruguay. On arrival you will be met at the airport and transferred to your hotel. The remainder of your day/evening is at your leisure.

**DAY 2: Montevideo - Free Day**

Today you will be able to explore Montevideo. Perhaps hit up some of the beaches or head to the Port Market to sample some of the delicious local cuisine. You can explore the charming cobblestone streets of the old town or the new, modern part of the city. Optional full and half day tours can be added at an additional cost. Please ask us for more info. Later today you will meet your fellow passengers and expedition team at the hotel. You may wish to enjoy an evening Parilla (BBQ) with newly made friends as you get ready for the voyage ahead!

**DAY 3: Embarkation in Montevideo**

Today, you'll hop aboard the Ocean Endeavour - your home for the next few weeks. Set sail towards the Falkland Islands, where your journey in Shackleton's footsteps begins. Sir Ernest Shackleton is known as one of the greatest polar explorers, with one of the best survival stories that has ever touched the Antarctic (or the world). Shackleton led the British Imperial Trans-Antarctic Expedition between 1914 and 1916, planning to cross Antarctica from a base on the Weddell Sea towards McMurdo Sound, via the South Pole. Unfortunately, their ship Endurance became trapped in ice off the Caird Coast, and this began the epic story of survival for Shackleton and his men - all of whom survived due to the skill, optimism and extraordinary leadership of their team and Captain.

**DAY 7: Falkland Islands Day 6-7**

Have your camera ready as you approach the ruggedly beautiful Falklands archipelago to capture not only the abundant wildlife, but also the incredible scenery. The two main islands (East Falkland and West Falkland) have much to offer and provide a rare opportunity to witness the biological diversity, extraordinary landscape and history of the southern islands. The Falklands are a wildlife photographer's dream and have the largest Black-browed albatross colony in the world, as well as five species of penguins that breed on the islands. Learn about the intriguing and controversial history of the Falkland Islands as you explore the quaint capital of Stanley. Near the town, you may see southern Giant petrels, Falkland steamer ducks, Kelp gulls or Dolphin gulls (calling all birdwatchers!). There are also Black-crowned night herons, Red-backed hawks, Peregrine falcons and Turkey vultures. Witness dramatic landscapes, including wetlands, lakes and some rolling peaks, as you explore the other stunning islands in the archipelago. Weather permitting, this will include Saunders Island, the second largest island in the Falklands. The Neck, which is a narrow peninsula with sandy beaches and subtle cliffs, is home to Gentoo, Magellanic, King and Rockhopper penguins.

**ALL INCLUSIVE FLY/CRUISE PACKAGE | SHACKLETON'S FALKLANDS, SOUTH GEORGIA & ANTARCTICA EXPEDITION | OCEAN ENDEAVOUR**

**DAY 9: At Sea Day 8-9**

Farewell the Falkland Islands and prepare for what lies ahead in South Georgia - fascinating history, geology and of course - wildlife. From the outer decks, you can scan the horizon for seabirds and underwater silhouettes. You'll have another chance to attend presentations from the expert team, which highlight the dramatic history of the area, extraordinary marine wildlife encounters and so much more. These days at sea are a great opportunity to swap stories with your fellow expeditioners, whether that be in the jacuzzi or over lunch at Polaris restaurant.

**DAY 11: South Georgia Day 10-13**

Arrive in South Georgia, where across the island, dark volcanic beaches are backgrounded by hanging glaciers and local King penguins nest among Tussock grass. Over the next few days, explore the island, once the homestead of whalers and isolated explorers - now, a protected area with dedicated Antarctic research teams. Learn more about Sir Ernest Shackleton's story on your various excursions to land. It's on these very shores in South Georgia that Shackleton landed his crew of the James Caird in search of help for his party who were stranded back on Elephant Island. You'll spend several days retracing Shackleton's steps, as well as visiting his grave at the ex-whaling station of Grytviken, located on the east side of the island. Wander among hundreds of thousands of King penguins in the dramatic South Georgian light, as you consider the extraordinary feat that was Shackleton's (and his crew's) fight for survival. Your Expedition Team will help bring these days to life, with educational presentations, daily excursions and the option of paid activities, like day paddling and photography lessons.

**DAY 13: At Sea Day 14-15**

Take in panoramic views from the observation lounge and spacious decks or make the most of the onboard facilities during your days at sea. Whether you're looking for a quiet place to reflect, or somebody to help you edit your photos of the penguin colonies, the Ocean Endeavour has something for you. Rejuvenate mind and body with one of the relaxing wellness facilities onboard. Get the blood pumping at the gym, join a 'floe' yoga and meditation class or indulge in a massage or facial at the spa. The ship is yours to explore!

**DAY 17: South Shetlands & Antarctica Peninsula Day 16-19**

Voyage south towards continental Antarctica. Your days will begin with a wake-up call from your Expedition Leader around 7 am, which gives you time to prepare for the day before joining your fellow expeditioners for breakfast. You'll usually have two excursions per day - one in the morning and one in the afternoon, with lunch served in between. For the next four days, enjoy copious wildlife, small group outings on the Zodiacs and unforgettable vistas at every turn. With multiple landing sites available, your Ocean Endeavour crew will work out the best places to stop, considering the elements, accessibility and potential for wildlife sightings. There may also be the chance for snowshoeing, sea kayaking or a camping adventure - the paid excursions (which are all weather and time-of-year dependent) can make for some of the greatest memories. Well-known sites like Neko Harbour, Orne Harbour and Paradise Bay will also be on the Captain's radar.

**DAY 21: At Sea, Drake Passage Day 20-21**

Settle back into life at sea as you prepare for the return journey across the Drake Passage. The Ocean Endeavour will track north towards Cape Horn and your destination in Ushuaia, Argentina. During this time, you can attend more onboard lectures and travel talks, and enjoy our voyage slideshow including images taken by our Expedition Photographer - yours to enjoy and share after your expedition. Now is also the chance to catch up with your shipmates and share stories about your voyage over a meal or a drink at the bar.
